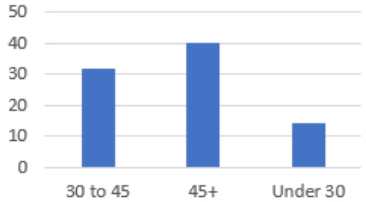
Risk Analysis by Age Group



INSIGHTS

1 Majority of loans are **Approved**, but a significant portion ends in **Default**, i. e. post-approval risk.
2 Defaults are higher among **Lower credit score customers** and **Higher loan amounts**
3 **Age-Based Insights 45+ age group** shows higher default tendency **30–45 group** is most stable
Under 30 has higher rejection but lower default also personal loan dominate defoult catrgory.
4. Credit Score Analysis 300–550 → Mostly Rejected / Default **550–700** → Mixed behavior
700+ → High approval, low default
5 Region-wise Risk Certain regions show Higher approval volume But also higher default percentage
